Evolution of the Flexibility Services Standard Agreement

Meeting 2

21 May 2025

Ways of working

- We will be using **Miro** today. The board is here: https://miro.com/app/board/uXjVlz5Y8D0=/?share_link_id=809188415732
- The meeting will be recorded to aid notes taking and will not be shared outside Elexon.
- You should have received and invite to access the board via email. Please click and sign up to allow full participation. Without signing up you will be limited to commenting on the board only.
- Please also engage by raising hands and commenting using the chat function
- We encourage attendees to **use video**, where bandwidth allows, especially when speaking
 - **Please mute when not speaking:**
 - Minimise background noise to maintain focus
 - Use the Teams chat if you are having problems with the camera
- Stay on topic: Keep contributions relevant to the agenda
- Respect all perspectives: Foster a collaborative and inclusive environment
- We may adapt these ways of working as we progress, building on learning. Please feedback on how we can run the session as effectively as possible.

Issue with the current agreement

Known issues

- We have created a Miro board here: https://miro.com/app/board/uXjVlz5Y8D0=/?share_link_id=809188415732
- We will use this first section to list out known issues.
- Please add as much detail as possible, including specific clauses if possible

- We will have 10 minutes to list the issues
- We will then have 20 minutes to explain them, and ensure a common understanding
- We will finish with voting on which the biggest issues are

04

Potential Solutions

Potential solutions

- Back to the Miro board: https://miro.com/app/board/uXjVlz5Y8D0=/?share_link_id=809188415732
 - Start listing potential solutions to the issues.
 - Focus on the most important issues, or the ones you are most familiar with
 - This is about understanding the options, so please feel free to disagree on them
-
- We will have 15 minutes adding solutions
 - We will then have 20 minutes to explain them, and ensure a common understanding
 - We will finish with voting on which the best solutions are
